

Arcangeli Runabouts

© - FCE - info & pictures from catalogues arcangeli & vintage publications

About arcangeli

Mr Giuliano Arcangeli's career started in one boat-throw in Switzerland.

In 1956 he returned to Italy with the idea to start his own motorboats.

Still in the same year he started with a friend in a small shed.

Around 1960 they built a new boatyard in Sarnico with approximate. 60 co-workers.

At the beginning they had a production off approximate. 60 boats per year, later at better years they produced up to 120 boats.

The first boat that Arcangeli built was a Jolly with an outboard motor. Open Runabouts followed like the super Jolly, Labrador, Commander, Enrico I, in addition, cab cruiser like the Sebino.

1961, only five years after the establishment they had agencies in France and Germany.

In addition they were present on all important fairs in Milan and Geneva, as well as in Germany and France.

Also co-operation with other shipyards where successful.

The economic crisis in 1968 was too much for the Arcangeli boatyard, so they decided to close it.

Labrador

Up to 1962 there was no canvas. And the back mirror stood loose on the dashboard. As from the model 1963 a canvas was an option. Also the stem was with the point, directed to the lamp.

In the 60 the boat's waterline was red with 2 white lines.

At your left you see the interceptor V8

Instruments:

Ampmeter, Revolution indicator, Operation hours indicator, Fuel indicator, Oil and Water temperature indicator.

Lido (Z-drive)

Equipment 1960:

Boat sledge, lunch seats with storage bag, windscreen, navigation lights, 3 cleats, mahogany swim ladder, 1 paddle, rearview mirror, fire-extinguisher, fuel measuring rod, leash, automat. pump, boat cover

Equipment 1967:

Boat sledge - folding seats with sun mattresses - panoramic windscreen - navigation lights - 3 cleats - mahogany swim ladder
 - 1 paddle - file navigator seat - rear view mirror - fire extinguisher - fuel measuring rod - robe - autom spring pump - boat cover
 - Speedometer.

Equipment 1968:

Boat sledge - folding seats with sun mattresses - panoramic windscreen - navigation lights - 3 cleats - mahogany swim ladder - 2 paddle - file navigator seat - rear view mirror
 - fire extinguisher - fuel measuring rod - robe - autom spring pump - boat cover - Speedometer.
